Notes on Transcription

- 3.2.1 The scribe notated the word “seri” as one word under one pitch sign. The editor split the word into two syllables, distributing them accordingly.
- 10 The editor added the exclamation “āh” for the second line of the text underlay. The same is valid for div. 31.
- 15.2.3 The scribe gave the second line of the text underlay as inverted commas until div. 17.
- 18 The scribe did not label the *terennium* section.
- 21 In FAS_MUN_ŞE, the passage from div. 21.2.1 to div. 21.3.1 is an instrumental interlude. This is not the case, however, in NATM, OA489 and TMKlii.
- 22 The scribe omitted the division sign ::.
- 26 The second line of the text underlay was given in inverted commas.

Consulted Concordances
