Remarks

The versions found in TR-Iüne 214-12, TR-Iam 1537 and TR-Iboa 355 are almost identical. Furthermore, there are identical scribal errors available in both TR-Iboa 355 and TR-Iüne 214-12 (e.g. see note on 15.2.3). In TR-Iboa 355 there also are markings which seem to have been made later and coincide with the page breaks in TR-Iüne 214-12.

Structure

H1	:	1		1(T)	:
H2	:	1		1(T)	:
H3	:	1		1(T)	:
H4	:	1		1(T)	:

Although the teslîm of H4 has only one ending unlike the other teslîms in the previous hânes, it is assumed that H4 is repeated due to the fact that the last division (div. 47) is shown in parentheses.

Pitch Set

- 14.3 See note on 10.3.
- 15.2.3 \sim for \sim . It was probably written as \sim erroneously. We deduce this from the fact that the passage in which the pitch sign appears, repeats in the second hâne with \sim . Since the same specific mistake is also apparent in TR-Iboa 355, this possibly indicates a common source between the two manuscripts or that one was copied from the other.
- 16.2 $\text{r}^{\circ}\text{r}^{\circ}\text{r}^{\circ}$ for $\text{r}^{\circ}\text{r}^{\circ}\text{r}^{\circ}$. TR-Iütae 107, TR-Iam 1537, TR-Iboa 355: $\text{r}^{\circ}\text{r}^{\circ}\text{r}^{\circ}$; TR-Iütae 109: $\text{r}^{\circ}\text{r}^{\circ}\text{r}^{\circ}$; TR-Iütae 249: $\text{r}^{\circ}\text{r}^{\circ}\text{r}^{\circ}$.
- 30.3.1 \sim for \sim . All the consulted concordances feature \sim .
- 31.3 $\text{r}^{\circ}\text{r}^{\circ}\text{r}^{\circ}$ for $\text{r}^{\circ}\text{r}^{\circ}\text{r}^{\circ}$. TR-Iütae 107, TR-Iam 1537, TR-Iboa 355: $\text{r}^{\circ}\text{r}^{\circ}\text{r}^{\circ}$; TR-Iütae 109: $\text{r}^{\circ}\text{r}^{\circ}\text{r}^{\circ}$; TR-Iütae 249: $\text{r}^{\circ}\text{r}^{\circ}\text{r}^{\circ}$.

- 40.2 r° for r° . TR-Iütae 107: r° ; TR-Iütae 109: r° ; TR-Iütae 249: r° ; TR-Iam 1537: r° ; TR-Iboa 355: r° .
- 42.1 $\text{r}^{\circ}\text{r}^{\circ}\text{r}^{\circ}$ for $\text{r}^{\circ}\text{r}^{\circ}\text{r}^{\circ}$. TR-Iam 1537: $\text{r}^{\circ}\text{r}^{\circ}\text{r}^{\circ}$; TR-Iboa 355: $\text{r}^{\circ}\text{r}^{\circ}\text{r}^{\circ}$.
- 45.3.1 An erroneously placed marking above the pitch sign seems to have been scribbled by the scribe.
- 47 The division contains five groups. The second and third groups are considered as one group on the basis of the consulted concordances.
