Remarks

The scribe marked the teslîm sections in this piece with the segno sign ♪. The teslîm starting in div. 5 is however slightly different from the teslîm starting in div. 25. At the end of H4 the scribe only indicated the segno sign, without indicating which of the two variants should be performed. In accordance with CK1, H4 is followed by the same passage as in divs. 25–29, and not by the passage in divs. 5–8. An alternative ending was found in TA249a, where a section from H2 (divs. 13–16) brings H4 to a closure. TA108 even includes an H5, whereas NE203 did not indicate any additional subsection at the end of H4.

In TA249c, H2 was labelled as mülâzime.

The scribe of NE204 did not indicate any repetition for the teslîm in H1. However, it is very likely that the teslîm was repeated, as evident in NE203, TA108, TA109, TA249a and TA249c. The repetition signs were added by the editor in square brackets.
