Remarks

Interventions by a later hand on the notation has been observed for the first time in this folio. In most cases, a later hand circles either particular grouping of the division or particular signs inside the grouping with red ink. While a later hand sometimes has written down alternative version of the related grouping somewhere around the circle, duration or alteration signs are also circled in some occasions. Simply circling a sign without any additions has the meaning of ignoring this sign. All these interventions that are interpreted by the editor are represented in Notes on Transcription section as a “2nd lay.” On all other occasions that are not clear, physical description of the intervention is included in the related notes.

Mim letter (م) at the end of the first ending of H4 is interpreted as a repetition.

The piece is attributed to Kantemiroğlu in TR-Iüne 207-5.

Depending on the melodic development of the sections in the piece, bûselik pitches could be interpreted as dik bûselik (د) in some occasions when hicâz is used as well (e.g. see note on 4.3).

H3	:	1	:	1	:	
H4	:	1	:	1	:	

Pitch Set

The musical notation consists of four measures (H1, H2, H3, H4) on a single staff. The staff begins with a treble clef. The notation includes various pitch levels (indicated by different vertical positions on the staff) and rhythmic values (indicated by horizontal stems and dots). A bracket is placed under the staff, grouping the second and third measures of each section (H2, H3, and H4).
