Remarks

There is almost half page (approximately 7 lines) of blank section on p. 41 before the notation. There are interventions by a later hand above some groupings in the first six divisions of H1. These interventions are durational signs added by a later hand based on HNER. Among these interventions, only the ones which contributes to the interpretation of the durations are included in the Notes on Transcription section as a “2nd lay.”.

All the groupings and division signs in H2 between divs. 18.2–22.1 are positioned two beats forward in relation with the original manuscript because of the omitted grouping. See notes on 18.1 and 21.4.

Mim letter (↷) at the end of H2 is interpreted as a repetition.

The usûl of the piece is recorded in çifte düyek in some consulted concordances based on the placement of division (:) and end cycle (❖) signs. See TR-IIütae 107, TR-Iboa TRT.MD.d 535 and TR-Içağatay YZPER2.

Structure

H1	:	6		4(T)	:	
H2	:	10		4(T)	:	
H3	:	12		4(T)	:	
H4	:	11		4(T)	:	

Pitch Set

The musical notation consists of a single staff in G clef. It features a series of note heads, each with a unique combination of vertical strokes and horizontal dashes. Below the staff, there is a corresponding sequence of neumes, which are small symbols representing specific pitch levels or intervals. The neumes are arranged in pairs, suggesting a rhythmic pattern. The notation is divided into measures by vertical bar lines.

- 12.3 Orig. $\text{f} \text{~} \text{f}$; transcribed as $\text{f} \text{~} \text{f}$. TR-Iüne 212-10b, TR-Iüne 214-12: $\text{f} \text{~} \text{f}$; TR-Iüne 217-15[a]: $\text{f} \text{~} \text{f}$; TR-Iütæ 107: $\text{f} \text{~} \text{f}$; TR-Iboa TRT.MD.d 535: $\text{f} \text{~} \text{f}$.
- 13.4 Orig. $\text{z} \text{~} \text{z}$; transcribed as $\text{z} \text{~} \text{z}$. TR-Iüne 212-10b, TR-Iüne 214-12: $\text{z} \text{~} \text{z}$; TR-Iüne 217-15[a]: $\text{z} \text{~} \text{z}$; TR-Iütæ 107: $\text{z} \text{~} \text{z}$; TR-Iboa TRT.MD.d 535: $\text{z} \text{~} \text{z}$.
- 15.4 Orig. $\text{w} \text{~} \text{w}$; transcribed as $\text{w} \text{~} \text{w}$. TR-Iüne 212-10b, TR-Iüne 214-12: $\text{w} \text{~} \text{w}$; TR-Iüne 217-15[a]: $\text{w} \text{~} \text{w}$; TR-Iütæ 107: $\text{w} \text{~} \text{w}$; TR-Iboa TRT.MD.d 535: $\text{w} \text{~} \text{w}$.
- 18.1 The missing grouping identified in H2 based on TR-Iüne 214-12 and TR-Iüne 217 is added to the beginning of div. 18: f ; transcribed as f . See note on 21.4.
- 18.4 Orig. $\text{w} \text{~} \text{f}$; transcribed as $\text{w} \text{~} \text{f}$. TR-Iüne 212-10b, TR-Iüne 214-12, TR-Iüne 217-15[a]: $\text{w} \text{~} \text{f}$; TR-Iütæ 107: $\text{w} \text{~} \text{f}$; TR-Iboa TRT.MD.d 535: $\text{w} \text{~} \text{f}$.
- 19.4 Orig. $\text{w} \text{~} \text{w}$; transcribed as $\text{w} \text{~} \text{w}$. TR-Iüne 212-10b, TR-Iüne 214-12, TR-Iüne 217-15[a]: $\text{w} \text{~} \text{w}$; TR-Iütæ 107: $\text{w} \text{~} \text{w}$; TR-Iboa TRT.MD.d 535: $\text{w} \text{~} \text{w}$.
- 22.1 The scribe positions the asterisk sign (*) that indicates the teslîm section before the last grouping of the division as opposed to first grouping observed in other sections. This last grouping of H2 before the ending is the same grouping of the beginning of the teslîm sections written down in other hânes by the scribe.

- Since the teslîm has to start on the next division, the editor interpreted this case as an omission of one grouping by the scribe. The missing grouping is identified and included in the transcription as the first grouping of div. 18 in H2 based on consulted concordances and explained in the note on 18.1
- 25.3–4 The second ending of the teslîm section at the end of H1 is used here.
- 30.4 Orig. ፩፩፩ ; transcribed as ፩፩፩ . TR-Iüne 212-10b, TR-Iüne 214-12: ፩፩፩ ; TR-Iütæe 107: ፩፩፩ ; TR-Iboa TRT.MD.d 535: ፩፩፩ .
- 42.3–4 Since the first ending of H3 is not provided by the scribe, it is based on the second ending of H2.
- 43 Since the second ending of H3 is not provided by the scribe, it is based on TR-Iütæe 107.
- 44.4 Orig. ፩፩፩ ; transcribed as ፩፩፩ . TR-Iüne 212-10b, TR-Iütæe 107: ፩፩፩ ; TR-Iboa TRT.MD.d 535: ፩፩፩ .
- 45.2 Orig. ፩፩፩ ; transcribed as ፩፩፩ . TR-Iüne 212-10b, TR-Iüne 214-12, TR-Iütæe 107: ፩፩፩ ; TR-Iboa TRT.MD.d 535: ፩፩፩ .
- 46.1 Orig. ፩፩ ; transcribed as ፩፩ . A double stroke (.) written in black ink above dügâh sign (~) is interpreted as a repeated note. TR-Iüne 212-10b, TR-Iüne 214-12, TR-Iütæe 107: ፩፩ ; TR-Iboa TRT.MD.d 535: ፩፩ ; TR-Içağatay YZPER2: ፩፩ .
- 49.1–4 Orig. ፩፩፩ ፩፩፩ ፩፩፩ ፩፩፩ ; transcribed as ፩፩፩ ፩፩፩ ፩፩፩ ፩፩፩ . TR-Iütæe 107: ፩፩፩ ፩፩፩ ፩፩፩ ፩፩፩ ; TR-Iboa TRT.MD.d 535: ፩፩፩ ፩፩፩ ፩፩፩ ፩፩፩ .
- 55.2 There is a closing bracket at the end of the grouping, probably put by the scribe mistakenly assuming the grouping as the last grouping of the ending.
- 58.3–4 Since the first ending of H4 is not provided by the scribe, it is supplied from TR-Iütæe 107.
- 59 All consulted concordances ends the piece on râst for makâm sûz-ı dilârâ. The second ending of the teslîm in H1 provided by the scribe ends on dügâh. Since the second ending of H4 as the last measure (karâr) of the piece is not provided separately by the scribe, it is based on TR-Iütæe 107.
